

fig. with PVC strip grey
with optional sealing lip

Guide rail 1369

One for (almost) all.

The 1369 guide rail can be used in combination with almost every common roller door profile. It guarantees optimal running characteristics, even for roller door shutters with storm hooks.

The inset PVC sealing strip reduces wear and improves smooth running.

All PVC sealing strips are also available with a sealing brush; the grey PVC strip can also be provided with an integrated sealing lip (see fig.).

In addition, reinforcement brackets suitable for protection of the guide rails against deformation under high wind loads are available.

- **measures**
80 x 78 x 80 mm
- **material**
3.0 mm galvanised steel
- **weight**
steel 5.8 kg/m
- **standard lengths**
3600 mm, 4200 mm, 5400 mm, 6600 mm
- **spacing of hole**
600 mm
- **PVC sealing strips**

PVC colours	opening width	fitting profiles
grey / grey	27 mm	100 D, ISO-SL, 100 R, 95 R, 1460, 1560

Due to the tolerances of PVC strips minor deviations of measures are possible.
